Join one of Indian River State College’s awesome clubs and become part of CCG (Campus Coalition Government) - recognized with the FJCCSGA District II Community Service Award and the FJCCSGA District II Spirit Award - 2009-2010.
INTRODUCTION

Your participation in IRSC clubs and organizations will complement and reinforce what you learn in the classroom. You’ll have the chance to meet other students with the same interests as yours and enhance your college experience here at Indian River State.

The clubs and organizations listed alphabetically in this book are followed with a brief description of their mission, goals and/or activities to help you decide on the group that is just right for you! The important thing is to get involved - make new friends, learn together, have fun together and enjoy both the academic and social experience of your college years.

Remember, you don't have to be a member of CCG or a campus club to be active and involved on campus. There are special events scheduled throughout the year in which you can participate. If you'd like to help with any activities (and we can always use help), stop by the Student Affairs Office in the Koblegard Student Union to volunteer.
